

## COBAAdot

An easy to install floor covering

- Versatile rubber floor covering.
- Studded surface looks smart, while being a practical choice for both industrial and commercial buildings.
- Nitrile option recommended for oily, greasy or chemical-prone locations based on its resilient properties.
- Provides enhanced underfoot grip to reduce the risk of slipping.
- Ease of installation minimises any down time – can be bonded or laid loose to the floor.
- This product is designed as a runner only as the dots may not match up when lengths are placed together.
