Precision Nib

- High quality rugged matting material available in stunning colourways.
- Solution dyed polypropylene fibres for unbeatable resistance to wear, UV and staining.
- Ideal for use in logomat designs – choose from the 18 colours to recreate your design.
- Heavy weight pile and large nib design provides outstanding scrubbing action.
- Needle-punch construction provides optimal crush resistance.
- Edges will not unravel or fray.
- Logomats made in Britain.
- Low installation cost.

Technical Specification

Material:	Polypropylene
Backing:	Waffle
Product Height:	11mm +/- 10%
Product Weight:	2950g/m ² +/- 10%
Pile Height:	5.5mm
Pile Weight:	1790g/m ²
Flame Retardancy:	Efl
UV Resistance	Yes
Product Performance:	Conforms to EN 14041
Slip Resistance:	DS
Luxury Class:	LC2
Country of Origin:	Netherlands
