

Diamond Tread

Ideal safety matting for welding bays

- Heavy-duty 'diamond tread' top surface.
- Comfortable foam backing offers superior fatigue relief.
- Flame retardant top surface.
- Fire test classification of Cfl-s1.
- Ideal for welding bays and demanding industrial use.
- Supplied with ramped edges all round.

Technical Specification

Surface Finish:	Diamond pattern
Product Height:	12.5mm
Roll Length:	18.3m
Operating Temperature:	0°C to +55°C
Installation Method:	Loose lay
Cleaning Method:	Brush/Mop the top surface
Flame Retardancy:	Tested to BS EN 13501-1:2002 Class Cfl-s1
Country of Origin:	China

Sizes	Black	Weight
0.6m x 0.9m	DTB010001	3.70 kg
0.9m x 1.5m	DTB010002	9.32 kg
0.9m x 18.3m	DTB010003	113.00 kg
0.9m x per linear metre	DTB010003C	6.50 kg
