

First-Step

The first step to contamination control

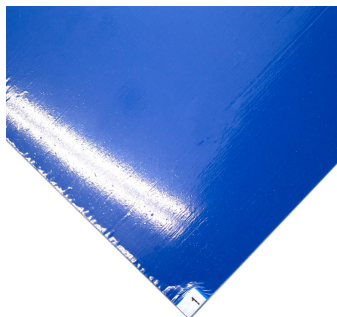

- A hygienic pad of peel-off, disposable sheets, manufactured from an anti-microbial agent to protect against bacteria, mould and mildew.
- The 'tacky' sheets capture dirt and dust from footwear and wheeled equipment for contamination control.
- When the top sheet becomes soiled, simply peel it off to reveal a clean layer.
- Comes with self-adhesive backing to keep the mat in place.
- Ideal for hospitals, clean rooms, general industrial environments, and any other area where hygiene is an important factor.
- 4 Packs in a box with 30 peelable sheets per pack

Styles Available

White

Blue

Part Number	Size	Colour	Weight (kg)
WC000004	0.45 m x 1.17 m	White	3.25
WC020004	0.45 m x 1.17 m	Blue	3.25

Material	PE with water based acrylic adhesive.
Surface Finish	Smooth
Product Height	1.5 mm
Min. Operating Temperature	0°C
Max. Operating Temperature	+60°C
Environmental Resistance	Suitable for indoor environments only
Typical Applications	Entrance areas, Clean rooms, Hospitals
Installation Method	Self-adhesive backing that adheres to most floor surfaces
COO (Country of Origin)	CN
Antibacterial effectiveness (GB/T 31402-2015)	>99.9%
