

Social Distancing Scatter Mats for Schools

Animal themed scatter mats for the classroom

- Help children maintain social distancing quickly and easily during reading time, assemblies or whilst queuing.
- A cost effective and durable way to place children in a classroom, which will prove useful even after covid-19.
- Mats can be relocated and washed unlike floor stickers.
- Ideal for nurseries, playgroups and primary schools.
- Provided in packs of 8 unique animal mat designs.
- Printed digitally for a bright and clear appearance that enhances the classroom.
- Low profile borders to reduce the risk of trips.
- Machine washable at 30°C.
- Product Height: 6 mm.

Parts

Part Number	Size	Colour	Weight (kg)
SDM000008	1 m x 1.5 m	Red	3.51

Technical Specifications

Material	PA
Backing	Vinyl
Surface Finish	Velour
Product Height	6 mm
Product Weight	2.7kg / m ² ± 100g / m ²
Pile Height	4mm
Mat Edge	Stock mats will have a vinyl edge. Bespoke mats can be supplied with or without an edge.
Absorbency	1.1 l/m ²
Pile Yarn Composition	100% PA
Pile Weight	0.4kg / m ²
Min. Operating Temperature	-10°C
Max. Operating Temperature	+50°C
Resistance to Chemicals	Good

Environmental Resistance	Suitable for indoor environments only
Typical Applications	Reception desks, Checkouts, Entrance areas, Retail locations
Installation Method	Loose lay
Cleaning Method	Machine wash at 30°C
COO (Country of Origin)	BE
Coating Thickness	2 mm
Tuft density	189,000 / m ²
Manufacturing process	Tufting cut pile – digitally printed
