

Studded Tile

Hardwearing slip resistant rubber tiles for commercial environments

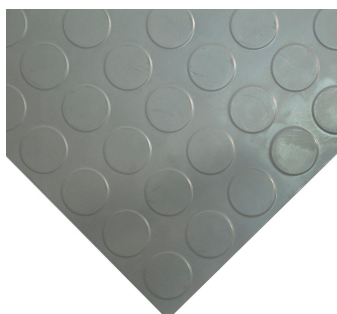

- Studded design provides an anti-slip solution for commercial environments.
- Easily applied by adhesion to the floor with Adesilex G19 or Adesilex VS45
- Made from a natural and synthetic rubber mix free from PVC, plasticisers and formaldehyde.

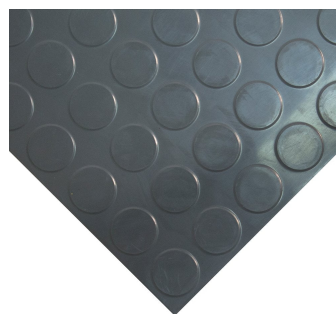

Styles Available

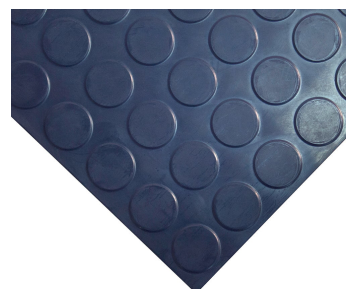

Oyster White

Light Grey

Mid Grey

Blue

Black

Parts

| Part Number | Size | Colour | Weight (kg) |
|-------------|--------------------------|--------------|-------------|
| SRTA104A | 500 mm x 500 mm (± 1 mm) | Black | 1.25 |
| SRTA105A | 500 mm x 500 mm (± 1 mm) | Mid Grey | 1.25 |
| SRTA116A | 500 mm x 500 mm (± 1 mm) | Blue | 1.25 |
| SRTA117 | 500 mm x 500 mm (± 1 mm) | Oyster White | |
| SRTA117A | 500 mm x 500 mm (± 1 mm) | Oyster White | 1.25 |
| SRTA120A | 500 mm x 500 mm (± 1 mm) | Light Grey | 1.25 |

Technical Specifications

| | |
|--------------------------|--|
| Material | Rubber |
| Surface Finish | Studded |
| Product Height | 2.5 mm ± 0.2 mm |
| Typical Applications | General industrial, Office, Retail |
| COO (Country of Origin) | CN |
| Tensile Strength | 6.75 MPa |
| Elongation | 253.56% |
| Colour fastness to light | 6 minimum on the blue wool scale ≥ level 3 on the grey scale (EN 20 105 – B02 procedure 3 – Test conditions 6.1 a) |
